#### **DETAILED ACTION**

## Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.
- 2. Claims 1 and 3-5 are rejected under 35 U.S.C. 102(b) as being anticipated by Manning Jr. (US#3870262).
- 3. Regarding claim 1, Manning discloses a mailbox support apparatus comprising: a bracket 16 including a plurality of spaced side members 16.2 including inner surfaces secured to opposed sides of a mailbox post 14, said plurality of side members including front and rear sides respectively, and a plurality of cross members 16.5 (col. 3, lines 32-36) having oppositely spaced edge portions secured to said plurality of side members respectively and for assisting to maintain same at stable positions; and an elongated support member 12 having a centrally disposed longitudinal axis and a plurality of opposed edge portions equally spaced therefrom and extending substantially parallel to the longitudinal axis along a length of said support member, said support member including a flanged front end portion 18.1 for securely receiving a mailbox 18 thereon, said plurality of edge portions of said support member being slidably engageable between said plurality of side members so that a mailbox can be selectively moved between forward and rearward positions.
- 4. Regarding claim 3, the plurality of side members 16.2 are substantially triangular (col. 3, lines 11-12).

Application/Control Number: 10/719,037 Page 3

Art Unit: 3677

5. Regarding claims 4 and 5, the top surface of the flanged front end portion 18.1 is disposed above both the top surface of the support member 12 and the top surface of the cross members 16.5.

## Allowable Subject Matter

- 6. Claim 2 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
- 7. Claims 6-12 are allowed.
